

C19 COMPACT MOTORHOME

Our smallest C-Class RV is our aerodynamic and fuel efficient C19. It is narrower and will fit into a regular car parking slot. It's perfect for a couple with its large double bed over the cab, kitchen at the back and all those other facilities. If you have a young child, the dining table easily drops to make the dinette into another bed.

Sleeps family up to 3

Length 20' 2"/6.15 meters
